STEVE GUNDERSEN
Vice President & General Manager, BD

Steve Gundersen has been employed by BD for his entire career. During his tenure, he has held various commercial and general management leadership positions. Steve has been accountable for commercial strategy related IDN, GPO, Supply Chain, e-commerce and Distribution. He has led BD Preanalytical Systems (Vacutainer brand) sample collection diagnostic business. Most recently, he served as the President, BD Canada. During that time he was responsible for the integration of two significant acquisitions (CareFusion, CR Bard) into BD.

Currently, Steve is the Vice President and General Manager of the US Region. He is accountable for the Company's comprehensive commercial strategy and execution. His primary focus is to align BD resources toward unique and transformative partnerships with leading healthcare providers. He is a member of the BD US Leadership Team and the BD Executive Leadership Team.

Throughout his career, Mr. Gundersen has actively participated in healthcare industry organizations that focus upon optimizing patient care and reducing total cost. Steve served on the Board of Directors for MEDEC Canada. MEDEC advocates to increase patient access to innovative medical technologies that yield valuable health outcomes. Steve served on the Board of Directors for Strategic Marketplace Initiatives (SMI) from its inception until 2015; he was SMI Chairman of the Board from 2011-2014. SMI is focused upon reducing supply chain cost through implementation of innovative and collaborative industry initiatives.
